### **1<sup>st</sup> XV v Cundall Manor**

It was a fantastic afternoon for rugby and the boys in the 1<sup>st</sup> XV knew it was going to be a very physical game. Cundall boys were up for it and looked dangerous with the ball. The 1<sup>st</sup> half started well for the men in brown and Full Back Harry Heathcote proved once more that when he finds some space he is a real threat. He scored a hat-trick and defensively he was outstanding. Another back that had a great afternoon was outside centre Dominic Styler (man of the match), coming back from a tricky game last Saturday, he managed to find space in the outside to score. The visiting team came out in the second half fired up and determined to score. They had a lot of the possession and territory but our boys were determined to defend their line. Some great hits on the in-goal line from Second row Guy Hollins, who made his debut proving that he had a lot to offer. Cundall managed to score what was a good try after being in our 22 yards for more than 10 minutes. The Sedberghians ran out from under their post and finished the game by scoring 2 more tries, one touched down after some great one on one footwork, by winger Jonathan Mason. Another consistent performance by the 1<sup>st</sup>XV. Now it is time to enjoy half term and follow the fitness plans! Giggleswick next. **(36-5 Win)**

### **U11 Rugby v Cundall Manor**

It is always a difficult game at Cundall and this proved to be the case again yesterday. Cundall started the game strongly and played with an intensity that Sedbergh could not match. This allowed them to build an early lead before Sedbergh enjoying possession for the first time showed that they too could be a threat with ball in hand. Half time came with Cundall enjoying a 19-0 lead. In the second half Sedbergh enjoyed more possession as a result of a string of penalties in their favour. However, they could only cross the Cundall line once through Hampsey-Cook with Park-Johnson adding the conversion. Cundall scored three further tries on their raids into Sedbergh territory to leave the final score at 36-7 in the hosts favour. Positives to be taken from this game were the improvement in one on one tackling. To the fore were Connolly, Park-Johnson, Hampsey-Cook and McGuire. Things to continue to work on are commitment to the breakdown and getting the ball to space. (7-36 Loss)

### **U9, U10 & U11 Netball v Chetwynde**

An exciting afternoon of netball resulted in a great win for the U9 squad. The match was nail biting from beginning to end with SJS holding a 1-0 lead until the last quarter! Suddenly Chetwynde went ahead with two quick goals and the SJS girls looked under threat. Their desire to win was evident and the girls fought hard and played their best netball of the match to pull ahead again with a final result of 4-2. (4-2 Win)

The U11 A team lost 12-9 but played their best netball of the season. It was a good all round team performance with every girl playing their part but special mention should go to Hope Webster who was really strong on centre court and Eden McGuire who moved well in the circle and shot some good goals. (12-9 Loss)

The U11 B team all worked hard and Tilly Webster did particularly well to come back after an injury and play well as centre. (16-3 Loss)

### **U9 Rugby v Cundall Manor**

#### **Sensational Try from Tom Radford for the Under 9s**

SJS Under 9 rugby players had a very difficult game against a big Cundall Manor team on today. For the first 10 minutes the boys were intimidated by the size of the opposition, and Cundall took full advantage of this, running in 3 tries. To their credit the Sedbergh boys woke up to the challenge, and started to compete. Charlie Hill continued his fine form running in 3 tries, and Kestrel Selby-Boddy scored his first ever try for SJS. The highlight, though, was Year 3, Tom Radford, running virtually the full length of the pitch to score in the corner. Tom is not likely to forget that moment for the rest of his life! Other good performances came from Ché Ashton, captain Peter Thomas and pack-leader Louis Gunning. Cundall brought 20 players, which they rotated on and off. This was ideal because it meant that Sedbergh could use some inexperienced players too. **(5-10 Loss)**
