

We are delighted to have launched our new school video 'The Spirit of Sedbergh'. We have been very fortunate to be able to bring the famous Sedbergh Wolf crest to life, through working with [Watermill Wolves](#).

The acting team of wolfdogs are brilliantly trained and cared for by Natalie Lagstrom and her team. All acting activity is undertaken under a strict force-free protocol. The pack are family animals first and foremost, living with and loved by leader Natalie in the Sussex countryside.

For the wolfdogs, acting is a playful energy outlet and provides them with natural social enrichment. They thrive off visiting new places and meeting new people, young and a little older. For many years, Watermill Wolves have worked with numerous media productions in a safe, professional and reliable format and have featured in TV, film and print.

Throughout the entirety of this production, none of the two wolfdogs that feature were requested to undertake any activities they did not want to. Each individual animal had their needs and wishes not only respected but kept at the forefront throughout the production of the video.

Needless to say, no animals were harmed during the making of this film.
