Sedbergh Schools' response to the risk presented by Novel Coronavirus (Covid-19)

Statement No 10 issued on 18 March 2020

The Education Secretary is due to make a statement at 5.00pm today. This comes in the wake of the announcement that schools in Scotland and Wales will close from Friday. Once the statement has been received, we will know what steps we should take.

In the event that all schools are required to close, we will implement the closure processes set out in Statement No 6 which may be found via the Coronavirus link on the School's landing page of our website.

Once matters have become clear, I will prepare a more detailed Statement to be communicated to parents and all members of the School community at the earliest possible opportunity tomorrow morning. I hope that this will answer questions arising from any announcement. I should be grateful for your help by minimising communication with key staff immediately after the announcement, they will be enacting the process set out in my earlier communication.

Andrew Fleck
