4. Miscellaneous Items

- Supply of name tapes
- Small padlock (ideally with combination lock)
- If you might be going to get involved in sailing, canoeing, Royal Navy CCF or open water swimming when you come to Sedburgh we would normally be in a position to lend you a wetsuit. But in the current Covid 19 pandemic situation we would like to reduce all infection risks to a minimum so would suggest that you bring your own wetsuit to school. This need not be a very expensive technical garment – these days there are plenty sold for beach swimming that would be fine if you are just starting out in any of these activities.
- Laptop – advice and instructions can be found in Parent Information by clicking [HERE](#)
