Pre-Term and Half term accommodation

As in the Principal's letter of 15th June, Sedbergh School is very happy to accommodate pupils outside of normal term dates in order to help with the current uncertainties with flight, quarantine and visa arrangements.

- Pupils needing to follow UK quarantine regulations should arrive at school to join the pre-term accommodation by 22/8/20 in order to start term as normal on the 5th/6th September. Those arriving after 22/8/20 will remain in the pre-term accommodation until the 14-day period is over.
- Pupils whose flights necessitate an early arrival are also welcome to join the pre-term accommodation.
- There is no requirement for pupils travelling from an exempt country to quarantine before the start of term. You should check the list of exempt countries ([click here](#)) before booking flights. This list could change depending on rates of infection in the countries so it would still be important to continuously monitor government guidance for updates.
- Overseas pupils are also welcome to remain at School over half term (16th October-1st November).

We ask that all parents complete the following form with arrival and departure details for the Michaelmas term. [Transfer of Care](#).

Please contact your son's/daughter's Housemaster/Housemistress with any further questions or contact the School Travel Officer Debbie Wilson at travelofficer@sedberghschool.org.

Flight Transfers

We are happy to arrange all flight transfers for the UK International airports shown overleaf.

- All pupils will be met at or dropped off at the airport by a member of Sedbergh School staff whose contact details will be available to pupils and parents in advance.
- Transport will be arranged in oversized vehicles to ensure safe social distancing within the vehicles where pupils will be asked to wear face masks.
- Light refreshments will be available on the journey.
